

SIP Trunking

SIP TRUNKING Scalable for your growing business needs

Lingo has been providing high quality SIP (Session Initiated Protocol) solutions since 2006. Our customizable and scalable SIP solutions can meet your business demands as your company or your needs continue to grow.

SIP is a robust digital solution that delivers high quality voice and data service. Using dynamic bandwidth allocation, Lingo amplifies the capabilities of SIP, allowing for on-demand paths which can be used for calling and unified communication features.

- Unlimited Local Calls
- Competitive long distance and toll free rates
- Free Cloud IP to IP calling
- Codec G.711 and G.729 available
- BYOB (Bring Your Own Bandwidth)
- One DID per channel

- Unmetered Local and Domestic Long Distance
- Competitive international long distance rates
- Free Cloud IP to IP calling
- Codec G.711 and G.729 available
- BYOB (Bring Your Own Bandwidth)
- Maximum number of trunks (12), one DID per channel

Additional DIDs \$0.50 each

CALL ORIGATION

Lingo SIP Trunking includes PSTN origination, which is the routing of inbound calls destined for customer DIDs from the PSTN to the customer voice equipment. Lingo SIP Trunking customers must order DIDs as add-ons (see DIDs below) to receive inbound calls via their SIP Trunks.

CALL TERMINATION

Lingo SIP Trunking includes PSTN termination, which is the routing of outbound calls from the customer voice equipment to the PSTN. PSTN termination encompasses several potential traffic types, including local, domestic LD, international LD, and special services.

Terms and conditions apply. Fees and taxes applicable. Minimum of 6 trunks required. Pricing subject to change without notice.

Lingo

Lingo is a leader in the telecommunications market delivering flexible and effective solutions to carriers, businesses and homes. Dedicated to innovation, affordability and execution, Lingo owns and operates a state-of-the-art Voice over IP network that carries billions of minutes and messages every month, including one of the largest implementations of an IP-based network connected to a nationwide Feature Group D (FGD) network.

Led by an experienced team of professionals, Lingo is committed to delivering quality services at competitive rates. With decades of industry expertise throughout the organization, Lingo has an understanding of the challenges customers face selecting a telecommunications provider. Lingo focuses on customer service, technology innovation and operational efficiency.

INNOVATIVE SOLUTIONS. CUSTOMER SATISFACTION. MEANINGFUL SAVINGS.

Our commitment to our customers is the foundation of our success, and we take it very seriously.
